## Volume 72 2004 AANA Journal Index

*The following is an index of the major topics addressed in the AANA Journal during 2004. The index is alphabetized according to headings, and entries appear in chronological order within the headings. Author and subject indexes are integrated.*

### A

- AANA Journal Course No. 23 Examination Information—Update for nurse anesthetists, 139
- AANA Journal Course No. 23 Examination—Update for nurse anesthetists (answer form), 140
- AANA Journal Course No. 23 Examination—Update for nurse anesthetists (examination questions), 144
- AANA Journal Course No. 23 Examination—Update for nurse anesthetists (examination answers), 300
- AANA Journal Course No. 23–2004 Evaluation Form, 141
- AANA Journal Course
- Part 6—Rave drugs: Pharmacological considerations, 61;
  - Part 1—The Starling resistor: A model for explaining and treating obstructive sleep apnea, 133; Part 2—Anticoagulation and spinal and epidural anesthesia, 225; Part 3—Eliminating surgical fires: A team approach, 293; Part 4—Preoperative cardiac evaluation, 365; Part 5—The SLAM (Street Level Airway Management) flowchart: A new guide for advanced airway practitioners, 431
- AANA mission and vision statements
- Mission, vision, and core values: The foundation of our strategic plan [guest editorial], 89
- Abdominal aortic aneurysm see State of the Science oral and poster sessions, Part 2, A43
- Accreditation
- Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2005, 30
- ACE inhibitors see Angiotensin converting enzyme inhibitors
- Acetylcholine
- Stunning the neural nexus: Mechanisms of general anesthesia, 197
- Acosta S see State of the Science oral and poster sessions, Part 1, A6
- Acupressure see State of the Science oral and poster sessions, Part 2, A45
- Acute hypoxemia after repositioning of patient: A case report, 207
- Addition MA see State of the Science oral and poster sessions, Part 1, A4
- The addition of clonidine to bupivacaine in combined sciatic-femoral nerve block for anterior cruciate ligament reconstruction, 273
- Adenosine see State of the Science oral and poster sessions, Part 1, A7
- Adult learner see State of the Science oral and poster sessions, Part 2, A34
- Adverse outcomes see State of the Science oral and poster sessions, Part 1, A31
- Age factors see State of the Science oral and poster sessions, Part 1, A31
- Air Force see State of the Science oral and poster sessions, Part 1, A23, A29; Part 2, A36, A58
- Airway
- see AANA Journal Course, Part 1, 133; Anesthetic management of a difficult airway in a patient with epidermolysis bullosa: A case report, 261; Childhood airway manifestations of lymphangioma: A case report, 280; The use of the laryngeal mask airway with mechanical positive pressure ventilation, 347; State of the Science oral and poster sessions, Part 1, A27; see AANA Journal Course, Part 5, 431; Use of the classic LMA to secure the airway of a premature neonate with Smith-Lemli-Opitz syndrome: A case report, 427
- Airway adjunct see State of the Science oral and poster sessions, Part 2, A35
- Airway assessment see State of the Science oral and poster sessions, Part 1, A27
- Airway complications
- The critical airway, rescue ventilation, and the Combitube: Part 2, 115; Childhood airway manifestations of lymphangioma: A case report, 280
- Airway flow see State of the Science oral and poster sessions, Part 2, A43
- Airway resistance see State of the Science oral and poster sessions, Part 1, A17
- Alertness see State of the Science oral and poster sessions, Part 1, A7
- Alexander J see Seibert EM; see Letters, 335
- Algorithms
- see AANA Journal Course, Part 4, 365; State of the Science oral and poster sessions, Part 1, A3; see AANA Journal Course, Part 5; see State of the Science oral and poster sessions, Part 2, A54
- Almskog K see State of the Science oral and poster sessions, Part 2, A46
- Alpha agonists
- Stunning the neural nexus: Mechanisms of general anesthesia, 197
- Alternative medicine see State of the Science oral and poster sessions, Part 2, A45
- Ambient air pollution see State of the Science oral and poster sessions, Part 2, A39
- American Association of Nurse Anesthetists see State of the Science oral and poster sessions, Part 1, A13
- American College of Cardiology/American Heart Association guideline
- see AANA Journal Course, Part 4, 365
- American Society of Anesthesiologists
- see Legal Briefs, 91
- Analgesia and effectiveness of levobupivacaine compared with ropivacaine in patients undergoing an axillary brachial plexus block, 339
- Anderson NK see State of the Science oral and poster sessions, Part 2, A34
- Anesthesia care team
- see Legal Briefs, 91
- Anesthesia history see Imagining in Time
- Anesthesia machine errors see State of the Science oral and poster sessions, Part 2, A56
- Anesthesia outcome
- An evaluation of anesthesia patient satisfaction instruments, 211

## Anesthesia providers

Distribution of US anesthesia providers and services, 9; A report on the Council on Certification of Nurse Anesthetists 2001 professional practice analysis, 31; see Legal Briefs, 91, 173; see *Imagining in Time*, 101; Rural nurse anesthesia practice: A pilot study, 181; see Letters, 334, 335; see State of the Science oral and poster sessions, Part 1, A22; Part 2, A33, A38, A48, A54, A55, A58

## Anesthesia risk see Risk factors

## Anesthesia, regional see Regional anesthesia

## Anesthesiologists

Distribution of US anesthesia providers and services, 9; see Legal Briefs, 91

## Anesthetic agent actions

Stunning the neural nexus: Mechanisms of general anesthesia, 197

## Anesthetic interactions

see *AANA Journal Course*, Part 6, 61; see Letters, 334

## Anesthetic management of a difficult airway in a patient with epidermolysis bullosa: A case report, 261

## Anesthetic technique see State of the Science oral and poster sessions, Part 1, A31

## Aneurysm, abdominal aortic see State of the Science oral and poster sessions, Part 2, A43

## Angel of Crimea

see *Imagining in Time*, 101

## Angiotensin converting enzyme inhibitors see State of the Science oral and poster sessions, Part 1, A30

## Angiotensin receptor blockers see State of the Science oral and poster sessions, Part 1, A30

## Anterior cruciate ligament reconstruction

The addition of clonidine to bupivacaine in combined sciatic-femoral nerve block for anterior cruciate ligament reconstruction, 273

## Anterior ischemic optic neuropathy

Visual loss as a complication of non-ophthalmologic surgery: A review of the literature, 285; see Letters, 407

## Antibiotics see State of the Science oral and poster sessions, Part 1, A15

## Anticoagulation

see *AANA Journal Course*, Part 2, 225

## Antiemetics

Ondansetron versus dolasetron: A comparison study in the prevention of postoperative nausea and vomiting in patients undergoing gynecological procedures, 129; State of the Science oral and poster sessions, Part 1, A5; Part 2, A50

## Antiplatelet agents

see *AANA Journal Course*, Part 2, 225

## Anxiety see State of the Science oral and poster sessions, Part 1, A9, A10; see State of the Science oral and poster sessions, Part 2, A52

## Apnea see *AANA Journal Course*, Part 1, 133

## Aponte HR see State of the Science oral and poster sessions, Part 1, A6

## Appellate courts see Legal Briefs, 409

## Arguelles C see State of the Science oral and poster sessions, Part 2, A58

## Army see State of the Science oral and poster sessions, Part 2, A44, A53

## Arterial cannulation: A critical review, 267

## Arteriovenous malformation

Ruptured arteriovenous malformation and subarachnoid hemorrhage during emergent cesarean delivery: A case report, 423

## Arthroscopy

Local block for postoperative knee arthroscopy pain management: A retrospective study, 419

## Association role see Legal Briefs, 91

## Atelectasis

Acute hypoxemia after repositioning of patient: A case report, 207

## Auld VH see State of the Science oral and poster sessions, Part 1, A12

## Austere settings see State of the Science oral and poster sessions, Part 1, A17

## Austin P see State of the Science oral and poster sessions, Part 1, A17

## Axillary artery cannulation

Arterial cannulation: A critical review, 267

## Axillary block

Effect of needle size on success of transarterial axillary block, 57

## B

## Barberio JC see State of the Science oral and poster sessions, Part 2, A39

## Bariatric surgery see State of the Science oral and poster sessions, Part 1, A19, A28

## Barnas GM see State of the Science oral and poster sessions, Part 2, A43

## Batchelder RA see State of the Science oral and poster sessions, Part 1, A22

## Bell DM, Halliburton JR, Preston JC: An evaluation of anesthesia patient satisfaction instruments, 211; see *AANA Journal Course*, Part 4, 365

## Benfield D see State of the Science oral and poster sessions, Part 1, A5

## Berdasono A see State of the Science oral and poster sessions, Part 2, A52

## Beta-lactam antibiotics see State of the Science oral and poster sessions, Part 1, A15

## Bettencourt AB see State of the Science oral and poster sessions, Part 1, A19

## Bey TA see Rich JM (2 entries)

## Biddle C see State of the Science oral and poster sessions, Part 1, A3, A11

## BIS see Bispectral index; Bispectral monitor

## Bispectral index see State of the Science oral and poster sessions, Part 2, A57

## Bispectral monitor see State of the Science oral and poster sessions, Part 1, A12

## Black leaders in nursing

see *Imagining in Time*, 101

## Bland RE see State of the Science oral and poster sessions, Part 1, A29

## Blankemeier C see Books and Multimedia of Interest, 264

## Blood glucose see State of the Science oral and poster sessions, Part 1, A14

## Blood loss

Visual loss as a complication of non-ophthalmologic surgery: A review of the literature, 285; see Letters, 407

## Blood pressure see State of the Science oral and poster sessions, Part 1, A9

## Blood substitutes

The risks of blood transfusions and the shortage of supply leads to the quest for blood substitutes, 359

## Bloodstream infection

Arterial cannulation: A critical review, 267

## Bloomquist TC see Books and Multimedia of Interest, 29

## Blumenreich GA see Legal Briefs, 91; 173; 253; 409

Bolt JD see State of the Science oral and poster sessions, Part 2, A39

#### Books and Multimedia of Interest

Bandolier's Little Book of Pain, 29; Radiographic Imaging for Regional Anesthesia and Pain Management, 100; Fundamentals of Disaster Management, 170; Peripheral Nerve Blocks, A Color Atlas, 170; And If I Perish: Frontline U.S. Army Nurses in World War II, 264

#### Brachial artery cannulation

Arterial cannulation: A critical review, 267

#### Brachial plexus block

Effect of needle size on success of transarterial axillary block, 57; Analgesia and effectiveness of levobupivacaine compared with ropivacaine in patients undergoing an axillary brachial plexus block, 339

#### Brangman, Goldie

see Imaging in Time, 101

Browning BA, Fort CA, Kemp KD, Shimata MF, Strube MD: Ondansetron versus dolasetron: A comparison study in the prevention of postoperative nausea and vomiting in patients undergoing gynecological procedures, 129

#### Bupivacaine

The addition of clonidine to bupivacaine in combined sciatic-femoral nerve block for anterior cruciate ligament reconstruction, 273; State of the Science oral and poster sessions, Part 1, A26

Burkard JF see English LA; see Couture DJ; see State of the Science oral and poster sessions, Part 1, A12; Part 2, A54

Burkard J see Cline E; see State of the Science oral and poster sessions, Part 2, A57

## C

Cadaver see State of the Science oral and poster sessions, Part 2, A32

Caffeine see State of the Science oral and poster sessions, Part 1, A7

Caldwell JA see State of the Science oral and poster sessions, Part 1, A18

#### Cannot ventilate—cannot intubate

The critical airway, rescue ventilation, and the Combitube: Part 1, 17; see AANA Journal Course, Part 5, 431

#### Cannulation

Arterial cannulation: A critical review, 267; State of the Science oral and poster sessions, Part 1, A6

Cannulation, intravenous see State of the Science oral and poster sessions, Part 2, A32

#### Capnography

The critical airway, rescue ventilation, and the Combitube: Part 1, 17

#### Carbon dioxide detector

The critical airway, rescue ventilation, and the Combitube: Part 1, 17

Carbon dioxide pneumoperitoneum see State of the Science oral and poster sessions, Part 1, A24

#### Cardiac assessment

see AANA Journal Course, Part 4, 365

#### Cardiovascular effects of drugs

see AANA Journal Course, Part 6, 61; see Letters, 334

#### Cardiovascular surgery

Use of deep hypothermic circulatory arrest following ventricular laceration: A case report, 193

#### Career guidance

see Education News, 107

Carotid endarterectomy see State of the Science oral and poster sessions, Part 1, A31

Carpal tunnel syndrome see State of the Science oral and poster sessions, Part 1, A1

#### Catheter-related bloodstream infection

Arterial cannulation: A critical review, 267

Caulk, Ronald F see State of the Science oral and poster sessions, Part 1, A13

#### Central nervous system receptors

Stunning the neural nexus: Mechanisms of general anesthesia, 197

Central venous catheter see State of the Science oral and poster sessions, Part 2, A32

Cephalosporins see State of the Science oral and poster sessions, Part 1, A15

#### Cerebral protection

Use of deep hypothermic circulatory arrest following ventricular laceration: A case report, 193

#### Certification examination

A report on the Council on Certification of Nurse Anesthetists 2001 professional practice analysis, 31

#### Certified Registered Nurse Anesthetists

Distribution of US anesthesia providers and services, 9; see Legal Briefs, 91, 173; Rural nurse anesthesia practice: A pilot study, 181; see Education News, 329, 413; see Letters, 334, 335; see State of the Science oral and poster sessions, Part 1, A3, A22, A23, A29; Part 2, A36, A40, A44, A46, A49, A53, A55, A56

Cesarean section see State of the Science oral and poster sessions, Part 1, A26; Ruptured arteriovenous malformation and subarachnoid hemorrhage during emergent cesarean delivery: A case report, 423

Chest wall mechanics see State of the Science oral and poster sessions, Part 2, A43

Childhood airway manifestations of lymphangioma: A case report, 280

#### Children see Pediatrics

Chmielewski C, Snyder-Clickett S: The use of the laryngeal mask airway with mechanical positive pressure ventilation, 347

Christie DS see State of the Science oral and poster sessions, Part 1, A20

#### Circulation

Arterial cannulation: A critical review, 267

#### Circulatory arrest

Use of deep hypothermic circulatory arrest following ventricular laceration: A case report, 193

Civilian personnel see State of the Science oral and poster sessions, Part 2, A44

Claerhout AJ see AANA Journal Course, Part 2, 225

Clark G see State of the Science oral and poster sessions, Part 1, A8, A18

#### Classroom presentation

see Education News, 107

Clayton B see State of the Science oral and poster sessions, Part 1, A20

Cleary MM see State of the Science oral and poster sessions, Part 2, A41

Climie J see State of the Science oral and poster sessions, Part 2, A51

Cline E, Franz D, Polley RD, Maye J, Burkard J, Pellegrini J: Analgesia and effectiveness of levobupivacaine compared with ropivacaine in patients undergoing an axillary brachial plexus block, 339

#### Clonidine

The addition of clonidine to bupivacaine in combined sciatic-femoral nerve block for anterior cruciate ligament reconstruction, 273

- Club drugs  
see AANA Journal Course, Part 6, 61; see Letters, 334
- Cold pressor test see State of the Science oral and poster sessions, Part 1, A20
- Collateral circulation  
Arterial cannulation: A critical review, 267
- Colloid therapy see State of the Science oral and poster sessions, Part 1, A28
- Colson MD see State of the Science oral and poster sessions, Part 1, A4
- Combat casualty care  
The critical airway, rescue ventilation, and the Combitube: Part 2, 115
- Combitube  
The critical airway, rescue ventilation, and the Combitube: Part 1, 17; The critical airway, rescue ventilation, and the Combitube: Part 2, 115; see AANA Journal Course, Part 5, 431
